The screenshot shows a web application interface with a Kanban Board. The top navigation bar includes links for Home, Project Info, Planning, Estimage, Kanban Board (active), and Upload. A warning message at the top states: "Warning! When Task move to state DONE ,need approve by adviser".

The Kanban Board is titled "Summary flow 1680 hr." and is organized into columns for Developer, TODO, DOING, and DONE. The rows represent different tasks or users:

- Army**: Authentication (user login/logout) and Dashboard (display progress) are in the TODO column. A task card is also visible in the DOING column.
- Mark**: A task card is visible in the DOING column.
- Fang**: A task card "Proposal document proposal abstract" is in the DONE column.

A modal form titled "When Click" is open, allowing users to add or edit tasks. It includes fields for Name, Description, Dependency (Select Task), Complexity (Simple), Assign Dev (Army, Mark), and Time estimages (12hr.). The modal has "Save changes" and "Cancel" buttons. Two warning messages are displayed near the modal:

- "Warning! When input time , time summary decreasing"
- "Warning! When lock other people cant move task"

Red arrows indicate the flow of data and interactions between the Kanban Board and the modal form.

What to do

The screenshot displays a web application interface with a navigation bar at the top containing links for Home, Project Info, Planning, Estimate, Kanban Board (active), and Upload. A warning message is shown at the top: "Warning! When Task move to state DONE, need approve by adviser".

Below the navigation bar, a summary section shows "Summary four" and "1680 hr.". The main area features a Kanban Board with four columns: Developer, TODO, DOING, and DONE. The board is organized into a grid with rows for different developers: Army, Mark, and Fang.

Developer	TODO	DOING	DONE
Army	<ul style="list-style-type: none">Authentication user login logoutDashboard display progress		
Mark			
Fang			<ul style="list-style-type: none">Proposal document proposal abstract

Handwritten blue text "When Click" is present below the Kanban Board. A modal form is open, showing fields for Name, Description, Dependency (Select Task), Complexity (Simple), Time estimates (12hr), and buttons for Army, Lock, Save changes, and Cancel. Two warning messages are displayed: "Warning! Inputted input time, time summary decreasing" and "Warning! When lock other people cant move task".
